Overview

Through personal, educational, and professional experience, Elevations Health Inc recognizes first-hand the challenges our community faces daily with no support, guidance, or proper information regarding mental and behavioral health.

With this insight, we intend to help our community overcome the psychological effects of social-emotional barriers such as poverty, exposure to violence, generational trauma, and systematic oppression.

We recognize a need to help our community build a bridge to wellness that may help them walk into a healed version of life where they can focus on thriving instead of surviving.

Vision

Situations, circumstances, and crucible events all too-often challenge our... yes our ability to balance our behavioral health. Elevations Health Inc. steps-in and steps-up to make coping through the storm a comfortable norm. EHI brings pride to wrap-around services, as opposed to embarrassment. We treat, treat, and treat. EHI treats you like family. We treat your condition. And we treat and reward you with resource offerings.

Elevations Health Inc. aspires to be the go-to community partner and information center for behavioral health. Our resource offerings will extend throughout the homes, academic institutions, and neighborhoods of our clients. EHI will set the standard of excellence of behavioral health support in the state of Ohio.

Mission

Elevations Health Inc.'s mission is to be Northeast Ohio's premier behavioral health partner: bridging support resources that meet the diverse wellness needs of everyone in the community.

EHI Core Values

The foundation of Elevations Health Inc., its staff family, its approach to delivering services and resources; are its core values:

- **Resilience** – resilient outcomes
- **Victory** – defeating stigmas & barriers
- **Community** – we've all been somewhere, we're all in this
- **Family** – a family providing care to families

Strategic Plans

Short & Long Term Objectives

Objectives:

While Elevations Health Inc. focuses on a family feel, it has growth on the mind. Just as the agency aims to see its clients overall health situation ameliorate, the agency aspires to evolve in terms of reach and diversity of programs in the community. Going into calendar year 2025, EHI sets forth the following short and long-term objectives:

Short-Term objectives

Objectives:

- City, County, & Municipal Schools Engagement Relationships
- Adds to Therapist & Case Management Staff
- Adds to Community Partners
- Quarterly Mental Health Workshops
- Bi-monthly Community Events
- Community Summer Programming
- Community Event Transportation

Long-Term Objectives

Objectives:

- Expanded Facility
- Community Classroom Capacity
- Classroom & Extracurricular Equipment
- Continuous Education & Development Funding
- Extended Staff Benefits
- Media Relations Funding

Our EHI Family

Elevations Health Inc. is not just an agency, not just a service provider, and further not just a group of clinical professionals. Moreover, we are not just a rigid organization with someone being assigned to and reporting to someone else. EHI is a family looking to be an extension of yours. As such, you will note that we don't present a traditional organization hierarchy, but rather a nucleus of professionals and services that function as cells supporting the physical and emotional needs of our client families. Our professionals live near you, look like you, and have championed experiences like yours.

Thank You
